

DEATEC (Digital Concept Partners Exhibition of Advanced Technologies)

CzechInvest, the Investment and Business Development Agency of the Czech Republic, will actively participate in the DEATEC international exhibition of advanced technology for the ICT sector and related industries.

DEATEC is promoted by Digital Concept Partners (DCP): The Regional High-Tech Industry Leaders Group, which seeks co-development, technical tie-ups, and joint-venture proposals from companies outside Japan that are engaged in the area of R&D or intellectual property.

CzechInvest will promote the Czech ICT sector and will present investment opportunities and possibilities for matching with leading Czech ICT companies.

Our agency's representatives will be pleased to provide you with information about the Czech ICT market. Upon your request, it is also possible to schedule a meeting where you can receive detailed information.

During the entire period of the exhibition you can visit us at **stand No. C5 in the International Zone**
